Stronger organisations. Stronger communities.

A South African social impact and community development agency based in Johannesburg, serving organisations nationwide.

Practical support for nonprofits. Community programmes for corporates and public institutions. We connect community knowledge, capable local organisations and institutional resources.

Who we serve

Nonprofits and community organisations

NPOs, NPCs, trusts, voluntary associations and community organisations needing organisational support, compliance assistance, application preparation, proposals and documents.

Corporates, funders and public institutions

Corporates and CSI teams, foundations, development organisations, government and municipalities commissioning research, training, nonprofit development programmes, design, implementation and reporting.

Six service areas

01 Nonprofit Compliance & Governance

Assessments, action plans, reporting calendars, records, policies and governance tools.

02 PBO & Section 18A Application Support

Readiness and document checks, preparation assistance and authorised follow-up within an agreed scope.

03 Funding Proposals & Organisational Documents

Opportunity-specific proposals, budgets, profiles, pitch decks, programme plans and reports.

04 Training & Organisational Capacity Building

Public workshops, private team and board training, sponsored cohorts and practical follow-up.

05 Social Impact Strategy, Research & Programme Design

Community consultation, needs assessments, CSI strategy, costed plans and monitoring frameworks.

06 Project Implementation, Monitoring & Reporting

Coordination, scheduling, budget tracking, evidence collection, reporting and handover.

Clear scope. Accountable action.

Experience and leadership

Over 200 organisations assisted. Five major projects implemented. Figures confirmed by Consult My Community. These describe assistance and delivery, not independently measured social outcomes.

Founder: Minky Mfeka.

Sponsored Nonprofit Development Programme

Available for commissioning: baseline assessments, individual improvement plans, group workshops, targeted document support, follow-up and progress tracking for a cohort of community organisations. The sponsor report and confidentiality boundaries are agreed; individual organisational information is not automatically shared.

Our delivery approach

Understand: Clarify the community context, problem and desired outcome. **Output:** An agreed problem statement and stakeholder overview.

Assess: Identify gaps, existing resources, constraints and budget assumptions. **Output:** Priorities and a feasible scope.

Design & Deliver: Develop a costed plan and carry out the agreed activities. **Output:** A delivery plan, responsibilities and milestones.

Measure & Strengthen: Review progress, gather feedback and plan improvements. **Output:** Results reporting, lessons and next steps.

Engagement options and budgets

Nonprofit Health Check; Application Support Package; Funding Proposal Package; Ongoing Organisational Support; Sponsored Nonprofit Development Programme; Community Project Pilot.

Focused assignments can be fixed-fee, ongoing support scoped monthly, and projects quoted against milestones. Professional fees are separate from third-party and project delivery costs. We prioritise essential work, use community resources where appropriate, make budget trade-offs explicit and plan for continuation.

Scope boundaries

PBO and Section 18A are different approvals. SARS decides eligibility, approval and timing. We provide organisational and administrative assistance; regulated work requires qualified specialists. No funding, approval or outcome guarantee is made. Specialist inputs and delivery capacity are confirmed for each brief. No training accreditation is claimed.
